

GROUP DISCUSSION STEMS FOR TEACHER LEADERSHIP

Spring 2020 | EPISODE 7: Teacher Leadership as Inquiry with Kass Minor

DIRECTIONS: Use the discussion stems below to begin a conversation with your peers. Together, brainstorm effective strategies to prompt student growth and understanding.

1

How is inquiry already incorporated into your classroom or school?

3

What is a question or problem of practice that you have been thinking about lately around your students, practice, or community?

2

What are some ways in which inquiry supports you as you work towards being a responsive practitioner in your school community?

4

What initial steps might you take to collect information to help answer your questions or address your problem of practice?

5

Who are the stakeholders you may tap on to collect data to help understand and plan?
